A Fabulous A.N.A. Convention!

We've just finished cataloging our purchases from the American Numismatic Association convention. The A.N.A. show, held in Boston during the last week in August, was the busiest such event we've ever attended—and we have been to every one of these annual get-togethers since 1955!

You Have First Chance

As it will be several months before another issue of our *Rare Coin Review* will be released, the present *Special Coin Letter* will give you first chance at the many fine scarcities and rarities recently acquired plus selected items from our inventory. You'll find type coins, rare dates, sets of coins, and many other items of interest. Due to the limited space available this *Special Coin Letter* contains just the "rarest of the rare" scarce and rare items mostly selling for over \$100. For coins in other price ranges plus many other selections please refer to our recent *Rare Coin Review* No. 18. As many of the items in the *Review* have been sold, a listing of alternate choices is recommended.

Check this *Special Coin Letter* carefully. We have priced each item to be a good value for you. This plus our careful and conservative grading will mean that many if not most pieces will be sold out within a week or two of when this listing appears. This offering will also appear in *Coin World* and *Numismatic News*, but you are seeing it first! By ordering right away you have first chance at the many values we offer. Don't delay—send your order by air mail or, better yet, telephone us to reserve the pieces of greatest interest.

Appreciation

Thank you for all of the business you've been sending our way. The response to our recent *Rare Coin Review* No. 18 was unprecedented! We are grateful for the confidence you have placed in us, and we will strive to continue to merit your patronage. Again, thank you.

Sincerely,
Jim and Nancy Ruddy
Q. David Bowers
and the staff of Bowers and Ruddy Galleries

Terms of Sale

1. Enclose remittance with order unless credit has been established. A prompt cash refund will be given for any part of an order not filled.
2. All items will be shipped postpaid via fast first class or air mail. California residents add state sales tax or furnish resale permit.
3. As many items in this *Special Coin Letter* are one-of-a-kind in our stock, alternate choices will be appreciated—and will not be used unless the first items requested have been sold. If you are ordering for a type set, just put "same type" as your second choice and we'll substitute a coin of the same design type and of equal or higher grade and value if the first item requested has been sold. Title to all items remains with Bowers and Ruddy Galleries, Inc. until payment in full has been received. All items are subject to prior sale or price change without notice.
4. GUARANTEE: Any item not satisfactory for any reason may be returned within 7 days for an instant cash refund. No explanation is necessary. We're not happy until you are! Coins are graded by *Photograde*. All items are absolutely guaranteed genuine.
5. Master Charge: Any item may be charged to your Master Charge account by sending us all of the information in raised print on your card.
6. Visiting Us: Office hours are Monday-Friday 9:30 to noon; 1 to 5 p.m. As rare coins are kept in bank vaults, an appointment is recommended so we can have a selection of rare coins on hand for you to view. Visit us the next time you are in the Los Angeles area.

Set of F.E. and Indian Cents

Set of Flying eagle and Indian cents, 1857 to 1909-S. Includes the famous and extremely rare (only 20 were minted!) 1864-L Proof cent. Purchased by us at the ANA convention, this set catalogues \$17,140.50 (using *Guide Book* figures for all but the 1864-L, which is not priced), and valuing the 1864-L, at a super conservative \$8,600, which is the price one sold for at our auction sale last year (which is "ancient history" so far as the coin market is concerned!). The following coins are in the set:

L.E. cents: 1857, 1858 SL, 1858 LL BU; Indian cents: 1859, 1860 Proof; 1861, 1862 BU; 1863, 1864 c-n Proof; 1864 bronze BU; 1864-L, Proof; 1865 BU; 1866, 1867 Proof; 1868, 1869, 1870 BU; 1871 Fine; 1872 through 1908, one of each date, Proof; 1908-S EF; 1909 Proof; 1909-S BU. The BU pieces and the Proofs are all of choice, selected quality. We can make a recommendation that the buyer add an 1856 F.E. cent (see earlier in this <i>Special Coin Letter</i>) and upgrade the 1871 and 1908-S issues. The value of this set is difficult to estimate. Certainly the BU and Proof pieces are worth close to full <i>Guide Book</i> in view of their quality. The 1864-L may well be worth \$10,000 to \$15,000 (but, as noted, we conservatively valued it at just \$8,600). We offer this set, a superb buy in our opinion, to the first telephone call for just	14,950.00

U.S. DOUBLE EAGLES

1850 First year of issue, EF	149.00
1852 EF	269.00
1855-S Brilliant Uncirculated	675.00
Treasure ship double eagles: We have just two 1856 double eagles and eight 1856-S pieces remaining from a group we recently acquired. These coins were lost at sea off the coast of Florida when a government ship sank in the late 1850's. The pieces, never previously circulated, were being sent to pay military troops. When the treasure ship was recently found by divers, these coins once again came to light. The double eagles we offer here are each in full, sharp uncirculated grade, with a matte-like surface from immersion in sea water for over 110 years. We have been able to trace only a single sale record for an Uncirculated 1856-S double eagle in recent years: the Gilchrist Collection specimen sold for \$1,200.00 on February 19, 1973 by our friends at the Superior Galleries. We offer the few 1856-S double eagles we have and the two 1856 (Philadelphia Mint) pieces, built one each to a buyer, as follows:

SUPERB QUALITY 20th CENTURY U.S. TYPE SETS

Last Chance at this Price!

A few weeks ago we offered for sale in *Coin World* and *Numismatic News* a number of selected quality United States type sets, each one featuring the major types, sub types, and design varieties as produced from 1900 to date—a span of 73 years.

To put it mildly the response to our offering was fantastic! We received telephone calls from all parts of the United States, and as of this writing our stock is sharply depleted. Since our initial offering the general market price of the coins in the set has risen sharply. As these words are being written the "ask" price of the coins totals over \$1,000.00 as reported in the August 24, 1973, issue of *The Coin Dealer Newsletter*. This means that DEALERS ARE NOW PAYING OVER \$1,000.00 for these coins when they buy them from each other. When you consider that this dealer-to-dealer price is wholesale and that a profit must be added, our price is now very cheap.

As a result of this we have been forced to take two steps: First, we originally said that "we limit buyers to a maximum of five sets each." Due to the tremendous response we now limit buyers to a maximum of just two sets each. We ask your understanding in this matter, for it is our intention that these sets be distributed as widely as possible among our collector clients, rather than going in groups to dealers for resale. Second, and even more important, the special net price of just \$1,089.00 will remain in effect only until September 25th. After that time the price will be higher. If you want one or two of these sets telephone us today to reserve them or air mail your order. You will receive one of the very finest values we have ever offered!

About These Sets

Over a period of years James F. Ruddy, a director of our firm, worked to complete 100 units of 20th century type sets, complete from the cent through the silver dollar, in the finest possible choice/uncirculated condition. It was his objective to offer a full set, not a "short set," a set containing all of the rarer types. As a result the completed sets contain not one but two different types of Buffalo nickels, not one but two different types of Liberty standing quarters, the 1909 V.D.B. cent, and so on.

Each set contains the following pieces: (1) Indian cent; (2) 1909 V.D.B. Lincoln cent; (3) 1909-1958 type cent; (4) 1913 steel cent; (5) 1944-1945 shell case cent; (6) Lincoln Memorial cent; (7) Liberty nickel; (8) Type I 1913 Buffalo nickel; (9) Type II 1913-1938 Buffalo nickel; (10) 1938 to date Jefferson nickel; (11) 1942-1945 wartime silver nickel; (12) Barber dime; (13) Mercury dime; (14) 1916-1963 Roosevelt dime; (15) 1965 to date clad dime; (16) Barber quarter; (17) 1917 Type I Liberty standing quarter; (18) 1917-1930 Type II Liberty standing quarter; (19) 1932-1964 Washington quarter; (20) 1965 to date clad quarter; (21) Barber half dollar; (22) Liberty walking half dollar; (23) Franklin half dollar; (24) 1961 Kennedy silver half dollar; (25) 1965 to date Kennedy clad half dollar; (26) Morgan silver dollar; (27) Peace silver dollar; (28) Eisenhower silver dollar; (29) Eisenhower "half dollar" all mounted in a beautiful custom-made Capital plastic display holder.

The task of forming these choice sets was a long and difficult one. Some pieces the Barber dime, quarter, and half dollar the Liberty nickel, and the 1917 Type I quarter are examples are difficult to locate in truly choice/uncirculated condition. The effort was made easier, however, by the fortuitous circumstance of being able to buy several perfect mint-condition rolls of certain early pieces, choice coins which had never been in numismatic hands before. After James F. Ruddy hand-picked the earlier pieces, the later ones were taken from official U.S. Mint sets chosen for their quality. All in all the result is a SUPERB collection illustrating the panorama of coinage during the 20th century, a span of 73 years!

A Wonderful Investment

The quality is the finest that time and money can assemble. Do not confuse this offering with sets of lesser quality. Remember that, for example, a Barber half dollar in "almost" uncirculated condition can be worth \$100 to \$200 less than the price of one you'll be obtaining in our set from us. There is no substitute for quality. As such, this collection should be a wonderful investment for you in years to come. Indeed, if present coin prices continue the way they have been during the past several months the time for realizing an attractive profit may be very close at hand!

How to Order One of These Sets

We have priced these CHOICE/UNCIRCULATED sets at what we consider to be an unbeatably low figure. As noted earlier, we must limit collectors and dealers to a maximum of two sets each. Please keep in mind that we now have only a few dozen sets available, and that once these are sold the chances of being able to assemble other sets at this price is virtually non-existent. So, a telephone call to reserve your set is strongly recommended!

Each complete set is just \$1,089.00 postpaid. (California residents please add sales tax or furnish resale permit.) We arrived at this figure by computing our regular prices for the nine rarest coins in the collection; the prices we normally sell choice/uncirculated specimens of the following coins for: Indian cent, Liberty nickel, 1913 Type I Buffalo nickel, Barber dime, Barber quarter, 1917 Type I Liberty standing quarter, Type II Liberty standing quarter, Barber half dollar, and Liberty walking half dollar. The other TWENTY COINS in the set plus the holder are absolutely FREE!

Guarantee: We guarantee you will be DELIGHTED with your 20th century type set collection. If for any reason you are not 100% pleased you can return it within 7 days for an instant cash refund without question. We might mention that each and every set we've sent out so far has been *enthusiastically received*. We know you'll be delighted with yours also!

We expect these sets will sell quickly. Order yours today by telephone or mail. Your set will be a priceless possession, a treasure for the future. Request "Superb 20th Century Type Set" when ordering.

The Best Buys of the Month!

Via the pages of this *Special Coin Letter* you have first chance at what we consider to be the best buys of the month. This gives you an early opportunity to select from new purchases—plus interesting items from our regular inventory. We have priced each coin to be a good value for you. This plus our careful and conservative grading will mean that many if not most pieces will be sold out within a week or two of the time this listing appears. So, order by air mail or, better yet, telephone us to reserve the pieces of greatest interest.

United States Coins

The United States coins in this issue of the *Special Coin Letter* are mostly scarce and rare issues priced from \$100 up to several thousand dollars or more. Use this listing to fill in those rarities and key dates you've been searching for. For years it has been our pleasure to have supplied rarities to nearly every major collection in the world; rarities which have included nearly every piece listed in the *Guide Book*. It is comforting for you to know that each and every coin you purchase from us is absolutely guaranteed genuine.

Coins of the World

As you will soon see on the pages to follow, emphasis in this 16-page *Special Coin Letter* issue is on coins of the world. We've listed pieces in all price ranges, but mainly from \$10 to \$20 up through several hundred dollars. Included are many pieces purchased by us at the American Numismatic Association convention in Boston in August and just catalogued and put into our stock the first week in October. So, you have first chance at many really fine coins!

As of this writing, each and every coin listed is available. However, that certainly won't be the case a few weeks from now. So, air mail orders or telephone calls are encouraged! It is also a good idea (from your viewpoint and ours, too) to have a list of alternate choices in case the first items asked for have been sold.

Please note that our coins of the world are listed under two headings: "General Coins of the World" and "Gold Coins of the World." So, be sure to look in *two* places to find pieces from countries you specialize in.

Speaking of coins of the world, it is not too early to mention that our American Auction Association sale to be held in conjunction with the Numismatic Association of

THE NUMISMATIST'S DREAM.

(from a 1907 issue of "The Numismatist")

Southern California convention in Los Angeles, February 7-10, 1974, will feature a really superb selection of world coins—including what is undoubtedly the finest collection of Polish coins to be auctioned in our generation, and a magnificent group of early English hammered silver and gold coins. There's still room in this auction for additional consignments, so if you have choice United States or world coins for sale, consider our auction service to be the ideal way to sell them profitably!

Things to Come at Bowers and Ruddy Galleries

Rare Coin Review No. 18 is now nearly obsolete. Many of the coins have been sold, and market changes have affected the prices of certain others. We still have many things available at the prices listed, however—so if you see something you missed, let us receive your order for it. Alternate choices are recommended.

We are now busily at work on our *Rare Coin Review* No. 19, which will be released toward the end of the year. This will feature a wide selection of United States and world coins for sale, including important offerings from several fine collections recently added to our stock.

In the meantime all persons with paid-up subscriptions on our mailing list will be receiving our magnificent catalogue of the Matt Rothert Collection. Mr. Rothert, distinguished past president of the American Numismatic Association, gathered together the finest collection of fractional currency ever to be auctioned, and one of the finest collections of large-size U.S. paper money. Adding to the interest of the sale catalogue are two other magnificent collections: the Dr. W.E. Caldwell Collection of U.S. half dimes (the most complete ever sold) and the George A. Merriweather Collection of U.S. colonial coins (including 50 pieces of Massachusetts silver, Washington rarities, etc.). Other scarcities and rarities abound: two 1895 Proof dollars, a Proof 1921 dollar, the exceedingly rare (just 42 were released) 1907 \$10 with rolled edge and periods, a gem BU 1930-S \$10, several MCMLVII \$20 issues plus rare \$20 mintmark pieces in the 1920's, an Uncirculated 1843-0 dime (possibly the only one known in this grade), territorial gold rarities, an Uncirculated 1796 quarter, and many, many more. A fine selection of ancient and world coins will be up for bidding also; a group which includes many really scarce and rare issues. The Matt Rothert Collection sale will be held by our auction division, the American Auction Association, in Hollywood on November 16 and 17, 1973. Plan to bid by mail or, even better, to attend this once-in-a-lifetime event in person. A great sale awaits you, and a great sale catalogue will be arriving in your mailbox soon!

Thank You!

The staff of Bowers and Ruddy Galleries says a hearty "thank you" for all of the business you've been sending our way. We are deeply grateful for the confidence you have placed in us this year and in former years, and we will strive to merit your continued patronage. Again, thank you.

1853-S Brilliant Uncirculated	675.00

Treasure ship double eagles: We have just seven 1850-S double eagles remaining from a group we recently acquired. These coins were lost at sea off the coast of Florida when a government ship sunk in the late 1850's. The pieces, never previously circulated, were being sent to pay military troops. When the treasure ship was recently found by divers, these coins once again came to light. The double eagles we offer here are each in full, sharp Uncirculated grade, with a matte-like surface from immersion in sea water for over 110 years. We have been able to trace only a single sale record for an Uncirculated 1850-S double eagle in recent years: the Gilhousen Collection specimen sold for \$1,200.00 on February 19, 1973 by our friends at the Superior Galleries. We offer the few 1850-S double eagles we have, limit one to a buyer, each for

Special Coin Letter

NOVEMBER, 1973 Issued by BOWERS AND RUDDY GALLERIES, INC.
Suite 810 / 6922 Hollywood Blvd. / Hollywood, Cal. 90028 / Tel. (213) 466-4595

Really Great Values!

In this, the November issue of our *Special Coin Letter*, we offer some really great values in United States and world coins. Our listing of United States coins is concentrated on the "rarest of the rare" issues — primarily major scarcities and rarities such as are the highlight of any collection. Our listing of world coins is more varied price-wise and contains many excellent values in coins of many different countries.

Most of the coins in this *Special Coin Letter* are one-of-a-kind in our stock. We have priced each coin to be a superb value for you. This careful pricing plus our accurate grading will mean that many of the coins will sell quickly once this listing appears. For this reason we recommend that you order by air mail or, better yet, telephone us to reserve the pieces of greatest interest.

Investment Groups From Recent Purchases

We specifically call your attention to a special offer that we make on page 8 (the back page) of this issue: investment groups from some of our fabulous recent purchases. Here at Bowers and Ruddy Galleries we are working full speed ahead on several important projects, including taking care of the bids for our current auction sale of the Matt Rothert Collection (November 16 and 17), preparing the beautiful catalogue for our next following sale (to be held in conjunction with the Numismatic Association of Southern California convention here in Los Angeles in February, 1974), and putting the finishing touches on our magnificent new *Rare Coin Review* (which will be released toward the end of December).

All of this hyperactivity is all well and fine, except that we have many thousands of dollars worth of new purchases — including some really beautiful sets and collections — which we haven't had the time to catalogue in detail, advertise, and present for sale. So, you can be the benefactor of all of this — and get some really fine investment values in selected pieces. See the back page for details!

With Appreciation

Thank you for all of the business you've been sending our way. We're very appreciative of the confidence you have placed in our firm, and we will do our best to continue to merit your patronage. At Bowers and Ruddy Galleries coins are more than just a dollars and cents business, they are a way of life. We really *enjoy* numismatics, and it is our fondest hope that our catalogues and the coins you obtain from them will bring a degree of pleasure into your own life. If this happens, then we will have fulfilled one of the finest reasons for being professional numismatists.

Sincerely yours,

Bowers and Ruddy Galleries, Inc.

Terms of Sale

1. Enclose remittance with order unless credit has been established. A prompt cash refund will be given for any part of an order not filled.

2. All items will be shipped postpaid via fast first class or air mail. California residents add state sales tax or furnish resale permit.

3. As many items in this *Special Coin Letter* are one-of-a-kind in our stock, alternate choices will be appreciated, and will not be used unless the first items requested have been sold. If you are ordering for a type set, just put "same type" as your second choice and we'll substitute a coin of the same design type and of equal or higher grade and value if the first item requested has been sold. Title to all items remains with Bowers and Ruddy Galleries, Inc. until payment in full has been received. All items are subject to prior sale or price change without notice.

4. **GUARANTEE:** Any item not satisfactory for any reason may be returned within 7 days for an instant cash refund. No explanation is necessary. We're not happy until you are! Coins are graded by *Photograde*. All items are absolutely guaranteed genuine.

5. **Master Charge:** Any item may be charged to your Master Charge account by sending us all of the information in raised print on your card.

6. **Visiting Us:** Office hours are Monday-Friday 9:30 to noon; 1 to 5 p.m. As rare coins are kept in bank vaults, an appointment is recommended so we can have a selection of rare coins on hand for you to view. Visit us the next time you are in the Los Angeles area.

TELEPHONE SERVICE

Items may be reserved by telephoning us during business hours. Call station-to-station. Call collect from anywhere in the USA for an order of \$200 or more. Telephone: (213) 466-4595.

NOW ACCEPTING CONSIGNMENTS

We are now accepting consignments for our next several sales to be held by our division, the American Auction Association. Contact James F. Ruddy or Q. David Bowers now about including your fine rare coins, sets, or your entire collection in our May, 1974 auction. You'll find that our rates are very reasonable, our cataloging will be of consistent high quality, and that you'll be pleased with the results. If you have choice U.S. or world coins for sale contact us today. The best way to sell your coins? An American Auction Association sale! The results are proven.

DOMINICAN REPUBLIC

Early Pesos

The first peso issued was struck in 1891 under the French monetary system. The new unit of exchange was the FRANCO which was divided into 100 centimes. The coins followed all coinage regulations as to weight, alloy, etc. These were high in silver content and quite beautiful in design.

1891-A (Paris) 5 FRANCOS. T-1; E-1. Obv: "Republica Dominicana", coat of arms. Rev: CINCO FRANCOS, date, head of female native. Uncirculated, very light dig in obv. field at base of neck	230.00
The second crown size coins of the Dominican Republic were issued in 1897. The dies for the coins were made in Paris, but the actual striking was done at the Philadelphia Mint. The Pesos were made with a bad alloy, containing a very low silver content, and were not well struck, sometimes even breaking in two. Most coins are found in very worn condition, and to find one in high grade takes a great deal of searching.	
1897 PESO. Y-14. Superb AU-Unc. \$175.00; a small planchet flaw (struck into the coin) does not harm this beautiful BU	275.00

FABULOUS RECENT PURCHASES

Fabulous New Purchases!

Recently we have made a number of fabulous rare coin purchases: collections, interesting sets, and desirable groups of interesting pieces. Normally we would catalogue these coins, put them into our stock, prepare advertising listings and descriptions, and then distribute them to the thousands of customers who send in orders.

But right now we can't do that! We are working full speed ahead on several other important projects: the next issue of our *Rare Coin Review* magazine, and our fabulous auction sale to be held with the Numismatic Association of Southern California convention next February. So we have no time available within the next month or so to prepare additional listings of new purchases!

Investment Groups

Our recent fabulous purchases have included a really superb group of top-quality coins, coins of the type which have paced market and investment activity in recent years. The pieces are beautiful Uncirculated and Proof pieces of the 19th century and first half of the 20th century. In addition there are some very early pieces (pre-1850) in Very Fine or better grades.

We have divided these coins into several categories. You can indicate the type of coins which interest you the most. Send us \$100, \$250, \$500, \$1000, \$2500, \$5000, \$10,000, or \$25,000. James F. Ruddy, Q. David Bowers, and other prominent numismatists on our staff will then hand-select pieces for you. The coins will be sent to you with the following guarantee:

Each and every coin is absolutely guaranteed to be genuine. Your 100% complete satisfaction is guaranteed. If for any reason you are not

100% delighted, just return the coins within 7 days for an instant cash refund without question. You must be pleased with the QUALITY and VALUE! You will get your money's worth - and MORE
